Dear Parents and Carers

Back in February, we wrote to inform you that the Department for Education had made the decision to remove Gedney Church End Primary Academy from Keystone Academy Trust and they were seeking a new academy sponsor for the school.

We can now confirm that Voyage Education Partnership, based in Boston, have been approved as the new trust.

The work required to transfer the school is now underway and the new trust leaders have already been in contact with Mrs Rose to arrange a visit. We will ensure a smooth transition for pupils, parents and staff. Mrs Parker will be providing a detailed handover as the Acting SENCO.

In the meantime, the day-to-day running of the school will remain with Mrs Rose as the Interim Headteacher until the end of the academic year. If you require further information, please contact Mrs Rose.

We will keep all parents informed of any additional information, including the proposed time completion of transfer to the new trust.

Yours sincerely on behalf of Keystone Academy Trust
